Drs S Taylor, A Gallagher, R Winter, A Coupes, S McNaught, H Marsden

M Shanks & S Houghton

Dear Patient

I am a third year medical student from the University of Manchester and doing a project with the Bodey Medical Centre.

The aim of the project is to gather our patients' opinions and understanding of the cervical screening programme (commonly referred to as smear tests) through the survey attached. Responses to the survey remain anonymous and will help us improve our service.

This survey aims to find out if there are any common worries or gaps in knowledge about cervical cancer screening in the Bodey Medical Centre's female patient population.

It would be greatly appreciated if you could fill in this survey to help us understand how we can better inform our patients about cervical cancer screening; why it's important and help ease any worries about the screening.

All responses as mentioned, will be anonymous.

If happy please click [Go To Survey](#)

Thank you.

Jessica Singleton
